

Dear Colleagues,

We hope that you had a wonderful summer break and that the start to this academic year has been a safe and positive one. This is a great time to now think about professional development for yourself and your staff. Please see below some updates regarding the professional development we are currently offering, some of which is **fully funded**:

### **Funded NPQ places**

As part of the government's education recovery plan, £184 million of new funding for NPQs has been announced. We will be working in partnership with the [Teacher Development Trust](#) to offer the NPQLTD and the NPQH from November, and the NPQLT, NPQLBC and NPQSL from February. This is a great opportunity to take part in these new and revised national qualifications through a blended learning approach. Facilitated sessions will be led by TDT or members of our highly experienced facilitation team, including leaders from Bexley, Bromley and Greenwich. We would like to encourage schools to apply for places on our NPQs as soon as possible, as places will be limited.

- The DfE is offering **fully funded NPQ places for teachers working in state funded schools in England that are within the top 30th percentile for PP**, with no cost to the participant. You can check the school eligibility list [here](#).
- **Fully funded places for the NPQLTD** are available for teachers working in state funded schools. This means that all state funded schools are eligible for funded places, with no cost to the participant.
- **Fully funded places for the NPQH** are available for headteachers, or heads of schools, working in their first 2 academic years of headship in a state funded school, with no cost to the participant.
